Autograph Store
ATTN: Anthony Nurse
370 W. Pleasantview Ave., #256
Hackensack, NJ 07601

Dear Anthony,

We were so excited to find out about your company for our school's annual fundraiser! We are a non-profit preschool that depends on obtaining about 20% of our operating budget from our annual auction and party. The variety of items that The Autograph Store had available to choose from was tremendous – something for everyone and something for every budget. We requested an array of items from the low end up to the high end heeding Anthony's advice that we shouldn't underestimate the ability of our audience to bid on desirable collectibles. Anthony was right. These items not only contributed excitement and increased interest in bidding at our auction, but added an element of fun and uniqueness to the normal donations we get. And it translated into more money raised for the school.

The items received from The Autograph Store were all high quality and in perfect condition. The Certificate of Authenticity is first rate and helped validate each item. Numerous attendees commented on the fact that the Certificate of Authenticity was an important part of verifying the value of the item and appreciated the display of it with the item.

We will definitely continue to work with The Autograph Store for future fundraisers. It's a win-win situation for everyone involved. From picking items, to receiving items, to wrapping up business after the event – Anthony and The Autograph Store was professional and reliable.

Thank you for your help.

Sincerely,

Stephanie Katers
Auction Chairperson
San Marcos Parent Child Workshop
